# **Terms of Approval**

# Design Organisation Approval Certificate EASA.21J.468

## 1 Scope of work

The holder of the Design Organisation Approval is entitled to design in accordance with the applicable type-certification basis, operational suitability data certification basis and environmental protection requirements as defined in Annex A.

## 2 Privileges

- a) The holder of this design organisation approval shall be entitled to perform design activities under Part21 and within its scope of approval.
- b) Subject to 21.A.257(b), the Agency shall accept without further verification compliance documents submitted by the holder of this design organisation approval for the purpose of obtaining, as per 21.A.263(b):
  - 1. [not applicable]
  - [not applicable]
    - 3. [not applicable]
    - 4. [not applicable]
    - [not applicable]
- c) The holder of this design organisation approval shall be entitled, within its terms of approval and under the relevant procedures of the design assurance system, as per 21.A.263(c):
  - to classify changes to type-certificate and repairs as "major" or "minor"
  - 2. to approve minor changes to type-certificate and minor repairs
  - 3. to issue information or instructions containing the following statement: "The technical content of this document is approved under the authority of DOA ref. EASA.21J.468"
  - 4. [not applicable]
  - 5. [not applicable]
  - 6. [not applicable]
  - 7. [not applicable]

# 3 Obligations

The holder of the Design Organisation Approval shall, as per 21.A.265:

- a) maintain the handbook in conformity with the design assurance system;
- b) ensure that this handbook is used as a basic working document within the organisation;
- c) determine that the design of products, or changes or repairs thereof, as applicable, comply with applicable requirements and have no unsafe feature;
- d) [not applicable]
- e) [not applicable]

f) [not applicable]

g) [not applicable]
